Hey Folks--

Nice to be here again. Nice to have you around too. Since the turn of the year, things have been quiet. But just yesterday about 50 new records arrived and, as I waded my through and around them, I find that the new year might not be so bad to march toward after all.

So let's go. Make good music. Put out good records. Make this radio station better than it already is. With gun in hand, I wait for your noise. Till 3...

Yours,

 Miller, Rick
